Hardy Herbaceous Plants

For Borders and Pool Side

Anchusa italicica.	Geum coccineum, Mrs. Bradshaw.
Aquileg'a, Mr. Scott Elliott hybrids.	Hollyhocks—double.
Coreopsis, Michells 1928 doubles.	Iris Japanese hybrids.
Dianthus—pluarius semperflorens (French Pinks).	Papaver (Oriental Poppy).
Dianthus barbatus (Sweet William).	Physalis francheti (Chinese Lantern Plant).
Eupatorium coelestinum (Mist Flowers.)	Phsostegia virginica (False Dragonhead).
Gaillardia portola hybrids (Blanket Flower),	Stokesia laevis cyanea (Cornflower Aster).
	Wall Flower—(English).

All the above are strong, year-old pot grown plants and will bloom this year. All are priced at 25 cents each or \$2.50 per dozen.

We grow a few of the following:

Mysotis—Forget-me-nots—field clumps	20c each
Phlox—assorted colors—strong plants	25c each
Hydrangea—P. G.—2-year plants.....	25c each

Our plants are known for their sturdiness and have never been in a heated greenhouse.

Wholesale

Pseudoxiphophorus bimaculata (Gam. bimac.)	2.50	Larger sizes a matter of correspondence.	

Size—Money is a commodity used to exchange value. Many fish are priced low by competitors because of their size. We prefer to sell what you need at a fair price to both of us.

Note—The tropical fish we offer are all from recent imports. They are thoroughly seasoned before they are shipped to our customers.

These fish offer the finest possibilities to the fancier seeking the unusual.

Canaries from some of America's finest strains are furnished at from \$10.00 to \$50.00 each.

(All subject to correspondence).

Additions are made to list as importations arrive. Send with letter.

Terms of Sale

All orders are sold f. o. b., Baltimore, Md., on a "Cash with Order" basis, regardless of the financial responsibility of the customer.

All live stock is packed with the greatest care, but we cannot be responsible for damage in transit. We take a receipt from the express company showing that the shipment was received by them in good order. All claims must be made against them by you.

Tropical fish can be shipped at any season in Thermos containers for which we require a deposit of \$3.00 which will be returned when the container is returned to us in good condition. In summer we ship in small cans for which you should allow 25 cents for 12 fish or 50 cents for more than that number. Large goldfish are shipped in larger cans which at all times remain our property and must be returned to us without expense—otherwise a charge of \$5.00 will be made.

Plants are all in good shape when shipped and bear our State Inspection Certificate number which guarantees you plants free from disease. We guarantee them true to name and will replace any which prove otherwise, provided they are returned to us by prepaid express.

Correspondence is invited at all times.
